**Local Home Builders Contribute \$20,000  
to Support COVID-19 Community Response**

The Southern Utah Home Builders Association (SUHBA), representing local home builders and related businesses, through their Southern Utah Home Builders Care Foundation, has made three donations totaling \$20,000 to help people in need during the COVID-19 pandemic. A \$10,000 contribution was made to the Greater Together Small Business Resilience Fund. This fund helps small businesses with immediate financial assistance during these challenging economic times. In addition, SUHBA made a \$5,000 donation to Switchpoint Community Resource Center and a \$5,000 donation to the local Utah Food Bank to help those most affected during this time of need. SUHBA Members recognize that within our community there are people in need, and will do what they can to help ease the burden. It is important to work together to problem solve and support people who are most impacted. We will get through this together!

**Southern Utah Home Builders Care Mission Statement:**

Southern Utah Home Builders Care Foundation is a nonprofit organization that strengthens communities in Washington County. Its purpose is to provide education and charitable construction related services to individuals in need. Home builders around the county are putting aside their challenges to help less fortunate members of the community.

The Southern Utah Home Builders Association (SUHBA) is a trade association representing over 680 building industry professionals throughout Washington, Kane, and San Juan Counties in Southern Utah.

Our mission is to support the home building industry and benefit its members, partners, and communities through education, relationships, advocacy and service.
