

Southern Utah Home Builders Association

Press Release

Southern Utah Home Builders Association and Members Give Back During Pandemic

This year wasn't an easy one by any means. The pandemic cast a shadow over our lives. Throughout the uncertainty of 2020, there were bright spots along the way. Those bright spots were provided by our members who gave back to others throughout the year.

More than \$18,000 was raised during the 2020 St George Area Parade of Homes for the Southern Utah Home Builders Care Foundation. These funds are used for community projects and education scholarships. An additional \$11,500 was raised for education scholarships.

Over 18 SUHBA members volunteered more than 94 hours of service during our Summer of Service campaign, where nonprofits received assistance with minor repairs and improvement projects at their facilities.

SUHBA raised over \$27,500 for education scholarships through the annual Charity Golf Tournament.

SUHBA's second annual PAC Clay Shoot raised more than \$6,200 for PAC. The Political Action Committee supports pro-housing/pro-development candidates.

Home builders and developers in southwest Utah who are SUHBA members have donated over \$59,600 to local charities and nonprofits throughout 2020.
